Section A - Supplier's statements about risk and duty of care

Agricultural Societies Council of New South Wales Limited and

(Name of Show) (together the Suppliers) advise as set out below.

The handling of animals is a dangerous recreational activity as animals can act in a sudden and unpredictable way, especially when frightened or hurt.

Participation (including passive participation) in animal handling and/or physical competitions and/or Events at an agricultural show and/or use of the Suppliers' facilities contain elements of risk, both obvious and inherent.

Physical competitions and activities, Events and use of the Suppliers' facilities are all dangerous recreational activities. This document is a risk warning for the purpose of section 5M of the Civil Liability Act NSW 2002. This risk warning is given by or on behalf of the Suppliers.

This document acts as an exclusion of liability under Part 1A Division 5 of the Civil Liability Act NSW 2002 if the services supplied by the Suppliers are supplied without reasonable care and skill.

Section B - Participant's acknowledgements

By signing this document I acknowledge that:

1. Participation in the Event and/or use of the Suppliers' facilities is a recreational service for the purposes of section 139A of the Australian Competition and Consumer Act (Cth) 2010 and a recreational activity for the purposes of section 5K of the Civil Liability Act (NSW) 2002.
2. I participate in the Event and/or use of the Suppliers' facilities at my own risk.
3. Participation in the Event and/or use of the Suppliers' facilities is a hazardous activity and involves a significant risk of physical harm and may result in injury, loss, damage or death to me and others.
4. Participation in the Event and/or use of the Suppliers' facilities requires certain skills and experience. I declare that I have sufficient skills and experience to be able to safely and properly participate in the Event and/or use the Suppliers' facilities.
5. Animals can act in sudden and unpredictable ways, especially if frightened or hurt, or if exposed to loud or unfamiliar noises.
6. The Event will be held in close proximity to rides and large groups of people and there may be loud and unfamiliar noises which can frighten animals used in the Event.
7. If the Event is held outdoors, there are risks to me as a result of the weather conditions, including either extreme hot or cold weather, rain or wind.
8. Insects or other animals may cause animals used in the Event to become frightened and act in an unpredictable way.
9. In handling animals, there is a risk of suffering injury including injuries caused by the animals.
10. I am responsible for ensuring that I have and will wear equipment suitable for my safety in my participation of the Event and/or in using the Suppliers' facilities.
11. I am responsible for the condition of any tools and equipment and ensuring that they are appropriate for the Event and/or in using the Suppliers' facilities.

MULTI PURPOSE INDIVIDUAL WAIVER

12. I use the Suppliers' facilities, including for the Event entirely at my own risk, as I find them and with the prior acceptance of the risk of possible danger to me, both obvious and inherent.
13. At the time of participating in the Event and/or in using the Suppliers' facilities, I will not to any degree be under the influence of alcohol or illicit drugs.
14. I will not consume any alcohol or illicit drugs while participating in the Event and/or in using the Suppliers' facilities and agree that such use may result in my being excluded from the Event and/or from using the Suppliers' facilities with no entitlement to any refund of money paid to the Suppliers for entry.
15. I agree to be bound by the rules and guidelines of the Suppliers as varied from time to time.

Section C - Participant's acceptance of risk & no duty of care & waiver of rights

1. I acknowledge and agree that my participation in the Event and any associated activities and/or my use of the Supplier's facilities is dangerous and may have obvious and/or inherent risks as a result of which personal injury (and sometimes death) may occur.
2. I acknowledge that my participation in the Event and any associated activities and/or my use of the Supplier's facilities carry with them a significant risk of physical harm.
3. I accept and assume all risks of personal injury or death in anyway whatsoever arising from my participation in the Event and any associated activities and/or my use of the Supplier's facilities.
4. I waive my individual right to sue the Suppliers for all claims I may have for such personal injury or death against the Suppliers in any way whatsoever arising from or in connection with my participation in the Event and any associated activities and/or my use of the Supplier's facilities.
5. If I suffer personal injury or death while participating in the Event and/or from my use of the Supplier's facilities, I will not hold the Suppliers, their employees or agents legally responsible for any personal injury or death I suffer.
6. I will not sue the Suppliers, their employees or agents for any claims, actions, costs, damages or liability.
7. I release the Suppliers and their employees from legal responsibility for the services I have been provided and/or activity I have participated in, including the Event.

NATIONAL SHEEP HEALTH DECLARATION - EXPLANATORY NOTES

Overview

Completing this National Sheep Health Declaration (NSHD) will assist prospective buyers to make an informed decision about the health status and management history of these sheep. The NSHD is mandatory for all sheep movements in SA and for sheep being moved into NSW and Tasmania. It is voluntary in other states.

Livestock Production Assurance (1)

Livestock Production Assurance (LPA) program accreditation means that a property must have a biosecurity plan for the property. [The National Farm Biosecurity Reference Manual for Grazing Livestock Production](#) can be used to develop plans or further information including templates is available at: www.farmbiosecurity.com.au/extension/aha-livestock-extension/property-biosecurity

Footrot (3 and 4)

Scald and footrot cause a spectrum of disease to sheep feet especially in wet, warm environments. Scald (or ovine interdigital dermatitis) is usually mild inflammation between the hooves. Footrot is an infection caused by the bacterium *Dichelobacter nodosus*, which breaks down the tissue between the horn and the foot and can result in painful separation or 'underrun' of the sole especially with the more virulent form.

Virulent footrot is defined differently in each state. For information on this and interstate movements of sheep, producers should visit the relevant state department website or contact animal health staff from that department.

4. If answered Yes, all mobs should have been inspected during the last spread period, and any lameness investigated, with no signs of the disease observed. If answered no, producers should include any information about the disease and their management of it; e.g. whether any testing has been carried out, or what treatments may have been used recently.

Lice (5)

All mobs should be checked for lice at least twice each year. Any sheep seen with rubbed fleece or pulled wool should be checked for lice as a matter of urgency. Further information is available at: www.paraboss.com.au

Approved Vaccinate (7)

A sheep that is identified by an NLIS (sheep) 'V' tag and is:

- vaccinated with an approved JD vaccine by 16 weeks of age, OR

- vaccinated with an approved JD vaccine after 16 weeks of age, when the flock:
 - was in the SheepMAP, or
 - had undertaken a negative Faecal 350 test in the two (2) years preceding the vaccination, or
 - had a Negative Abattoir 500 status at the time of vaccination.

SheepMAP (8)

An audited quality assurance program incorporating a property biosecurity plan, animal health risk assessment, testing, and movement controls that provide a source of low risk animals. Note - the level of testing varies depending on the status. Date of last test should be recorded in Q9.

Types of tests that may be recorded (9)

Faecal 350: A test of 350 representative sheep over 2 years of age (or all sheep over 2 years of age in smaller flocks) by Pooled Faecal Culture (PFC) or High Throughput Johne's (HT-J) PCR in pools of up to 50 sheep. The sheep must have been on the property for at least 2 years.

Abattoir 500 (or 150): At least 500 (or 150) sheep, over 2 years of age, have been submitted to an abattoir in the past 24 months, in 1 or more lots, have been examined and all found negative for JD. The sheep must have been on the property for at least 2 years.

Other relevant health information (10)

Any other information that the consigner thinks may be relevant can be recorded here; e.g. any other management practices carried out for JD, participation in an active grower group, One Biosecurity, or other biosecurity initiatives, mulesing status, pain relief usage, etc.

Declaration

Signing this declaration has legal significance under fair trading and other relevant state legislation. Regulatory authorities may also take legal action, and purchasers may seek damages for any information that is incorrect. Before signing you must be satisfied you understand all elements of the document, and these explanatory notes.

For more information on biosecurity go to www.farmbiosecurity.com.au
